Amarachi is a frontend engineer and technical writer based in Lagos, Nigeria. She's passionate about making the web accessible to everyone. She enjoys solving complex problems using web technologies and she's a big advocate for building open and inclusive communities which led her to start the vue.js Nigeria meetup group in Nigeria.

EXPERIENCE

Technical writer – Logrocket
October 2020 –present

As the front-end developer intern, I worked closely with the team to translate design mock-ups into elegant, fast, responsive websites, web applications.

Front–end developer –Zedcrest Capital
March 2020 – September 2020

▸As the front-end developer, I worked closely with the team to translate design mock-ups into elegant, fast, responsive websites, web applications.
